Dear Sir—at your request I have examined one of the Moslodom manufactured by Messrs. Sec. A. Prizce & Co., of Buffel. I think them in all respects equal and is some cospects superior to any others of similar kinds which I have seen, and in particular with expect to qualty of irons and promptness of funch, or artism of the reads, by which nukks pushages may be performed with certain and distinct articulation of fone. An instrument of this kind is the best sunstitute for an organ, in Church musile, with which I am acquainted.
